

L-Type COBAGRiP Grating Accessory

Secure two platforms together with ease

- The L-type bracket ensures a secure installation for your COBAGRiP Grating enhancing both stability and safety.
- Its robust fastening mechanism keeps the grating firmly in place, capable of withstanding movement.
- The L-shaped clip, with a hook at the top that clip over a tread, guarantees load-bearing capacity and is ideal for the end of the COBAGRiP Grating platform to ensure it stays in place.
- This attachment allows for quick assembly and disassembly, making it adaptable to a variety of structural requirements.
