

GripGuard

Grit surface matting with outstanding anti-slip properties

- Mineral coated matting creates an abrasive ‘super-grip’ standing surface that sits flush to the floor.
- Effectively reduces the risk of slipping in wet or oily conditions, where fluid spillage is prevalent.
- Durable and oil-resilient, ideal for internal industrial use, as well as other workplace environments.
- Easy installation making this the ideal product for those needing a rapid solution to floor safety.
- Low profile reduces trip hazard.
